MOTORIST SAFETY TIPS

WHEN PASSING, GIVE CYCLISTS BUT THEY ARE ALWAYS VULNERABLE

CYCLISTS AREN'T ALWAYS IN THE RIGHT - BUT THEY ARE ALWAYS VULNERABLE. Motorists are required to share the road with cyclists. Follow these tips to prevent collisions:

- It is Kansas law to give 3 feet minimum when passing a cyclist and only pass when it is safe to do so, as you would a vehicle.
- Be attentive, avoid distractions and look out for cyclists on the road.
- Slow down when you see a cyclist on the road.
- Look for cyclists before turning.
- Look for cyclists before opening car door when parked along streets.
